

Russia's evolving Central Arctic Ocean submission

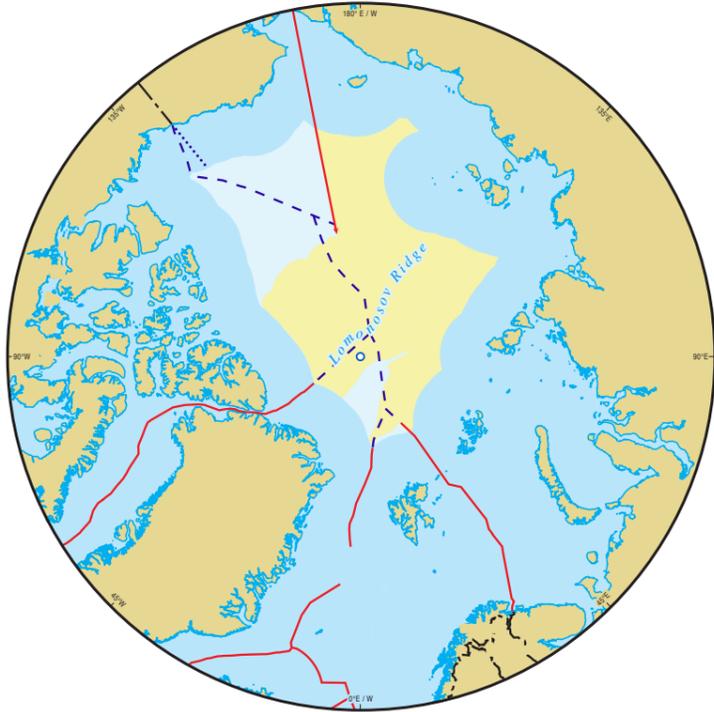

2001 Russian submission to CLCS

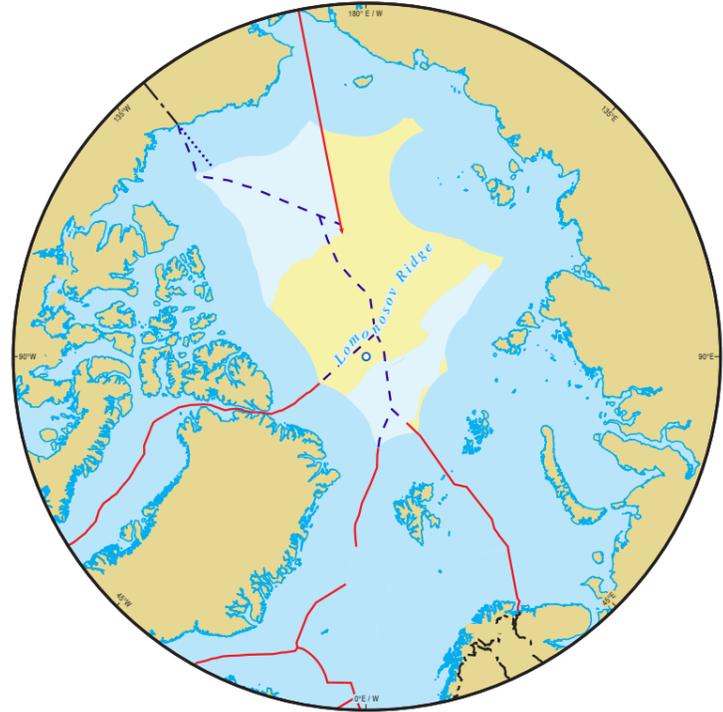

Russian continental shelf after 2015 partially revised submission

Russian continental shelf after 2021 addenda

2023 CLCS recommendations and subsequent 02/23 partially revised Russian submission

Russia (following 10/23 partially revised submission)

- Russia's continental shelf
- Other CAO
- All other waters
- Land
- Agreed boundary
- Median line
- Unresolved maritime boundary
- North Pole

For an explanation of continental shelf submissions and other zones depicted on this map, please see briefing notes at https://r.dur.ac.uk/c3b13b_Arctic_Map_Series

Composite map of Russia's evolving Central Arctic Ocean submission

- | | | |
|--|--|------------------|
| Areas of continental shelf included in Russia's 2001 CLCS submission | Russian continental shelf limit recommended by CLCS | Other CAO |
| Areas of continental shelf added in Russia's 2015 CLCS submission | Limit proposed by Russia in February 2023 submission subsequent to CLCS recommendation | All other waters |
| Areas of continental shelf included in Russia's 2001 CLCS submission but not included in 2015 submission | Inferred connection lines defining Russian continental shelf limit | Land |
| Areas of continental shelf added in Russia's 2021 addenda to 2015 submission | Agreed boundary | North Pole |
| Areas of continental shelf added in Russia's October 2023 CLCS submission | Median line | |
| | Unresolved maritime boundary | |
